City Council Minutes

Tuesday, August 20, 2019
6:00 p.m. Regular Meeting
Council Chambers, City Hall
555 Washington Street
Red Bluff, CA 96080

Attendee Name	Title	Status	Arrived
Amanda Jenkins	Mayor	Present	5:53 PM
Clay Parker	Mayor Pro Tem	Present	5:55 PM
Daniele Eyestone	Council Member	Present	5:53 PM
Kris Deiters	Council Member	Present	5:49 PM
Johnna Jones	Council Member	Present	5:49 PM

STAFF PRESENT

Rick Crabtree, City Manager
Sandy Ryan, Finance Director
Kyle Sanders, Police Chief
Ray Barber, Fire Chief
Robin Kampmann, Director of Public Works
Cassidy DeRego, City Clerk
Scott Friend, Community Development Director
Anita Rice, Deputy City Clerk
Marie Jensen, Public Works Administrative Tech
Scott Miller, Assistant Public Works Director

PLEDGE OF ALLEGIANCE

Mayor Jenkins led the Pledge of Allegiance and the assembly joined in.

REPORTABLE CLOSED SESSION ITEMS: None

CITIZEN COMMENT

Mayor Jenkins reported that there is an open position for the Solid Waste Management Agency for a Member at Large. If anyone is interested they can contact any of the Council Members for details.

Pastor Scott Camp led prayer for the assembly.

Colleen Lewis, Vice President with PATH, reported on funds that were given by the City of Red Bluff during the fiscal year 2018/2019. They were able to qualify for \$133,000.00 in grants with the \$5,000.00 that the City of Red Bluff gave PATH.

Matt Rodgers, Tehama County District Attorney, introduced two new Highway Patrol Lieutenants.

Lieutenant Andy Poyner, Commander of the CHP Cottonwood Commercial Facility, stated that this area is home for him and he plans on being in the area for the remainder of his career.

Lieutenant Kevin Alexander, Lieutenant of the Red Bluff CHP office, stated that he is a native of Northern California and he is honored to have the opportunity to serve in Red Bluff and Tehama County.

Dave Cappello, Red Bluff Airport Commission, gave an update from the August 2019 Airport Commission Meeting. Councilmember Eyestone discussed getting No Parking Signs in the Industrial Park area. Fuel is down some, but that is to be expected this time of year. They are utilizing goats on the airport property for weed abatement. Repairs to the wind socks and taxi way signs have been completed. Scott Miller, Assistant Public Works Director, discussed adding six foot fencing around the property to help with security.

CONSENT AGENDA / APPROVAL OF DRAFT MINUTES

RESULT: ADOPTED [UNANIMOUS]
MOVER: Daniele Eyestone, Council Member
SECONDER: Johnna Jones, Council Member
AYES: Jenkins, Parker, Eyestone, Deiters, Jones

- 1. Open Market Purchases of \$1,000 or More & Contract Awards**
- 2. Approval of Warrant List**
- 3. Treasurer's Report - Sixth Month of Fiscal Year 18/19 (Dec. 2018)**
- 4. Treasurer's Report - Eighth Month of Fiscal Year 18/19 (Feb. 2019)**
- 5. Treasurer's Report - Ninth Month of Fiscal Year 18/19 (Mar. 2019)**
- 6. Treasurer's Report - Tenth Month of Fiscal Year 18/19 (April 2019)**
- 7. Treasurer's Report - Eleventh Month of Fiscal Year 18/19 (May 2019)**
- 8. Treasurer's Report - Twelfth Month of Fiscal Year 18/19 (June 2019)**
- 9. Treasurer's Report - First Month of Fiscal Year 19/20 (July 2019)**

ITEMS PULLED FROM CONSENT

10. Treasurer's Report - Fourth Month of Fiscal Year 18/19 (Oct. 2018)

Councilmember Eyestone requested clarification on why the Fifth Month Treasure's Report is missing.

Sandy Ryan, Finance Director, stated that Donna Gordy, Treasurer, was behind on her reports due to health reasons. They are still catching up to the current reports.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Daniele Eyestone, Council Member
SECONDER:	Johnna Jones, Council Member
AYES:	Jenkins, Parker, Eyestone, Deiters, Jones

11. Treasurer's Report - Seventh Month of Fiscal Year 18/19 (Jan. 2019)

Councilmember Eyestone advised that she pulled the two Treasure's Reports for clarification on why the fifth month report was missing.

Sandy Ryan, Finance Director, gave clarification.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Daniele Eyestone, Council Member
SECONDER:	Johnna Jones, Council Member
AYES:	Jenkins, Parker, Eyestone, Deiters, Jones

REGULAR AGENDA

12. Pedestrian Crossing at Elm and Main Street

Robin Kampmann, Director of Public Works, gave an informational presentation regarding ways to improve crosswalk safety at Main, Elm and Sycamore Streets.

Ms. Kampmann elaborated on several options for crosswalk safety. These included solar, lighted and push button options in several different configurations. The tree that is currently at the corner of Sycamore Street and Main Street would need to be removed regardless of the option that is chosen. City staff would be able to complete the work for the installation.

Councilmember Jones asked if in option four, the cost was per pole?

Ms. Kampmann advised that in option four the cost would be \$15,000.00. This would include all of the flashers, but does not include lights.

Councilmember Deiters asked how tall the signals would be?

Ms. Kampmann remarked that she believes they would be eight feet tall.

Councilmember Jones asked if these signals would be similar to ones that are on Walnut Street?

Ms. Kampmann affirmed that they would be similar; they are from the same company.

Scott Camp asked if the cost that was outlined included the removal of the tree?

Ms. Kampmann stated that no it would not include the tree removal cost. Removing a tree usually costs between \$800.00 and \$900.00.

Ms. Kampmann explained that the current crosswalk signals are not functioning due to a car collision that occurred in that area in April 2019. These new signals will be much brighter and taller than the previous ones. Removal of the tree will also allow for motorists to better see pedestrians.

Janet Severs advised that the current crosswalk is unsafe. Cars do not see pedestrians and many motorists speed through that area. She would like to see the area patrolled by law enforcement more often.

Mayor Pro Tem Parker asked if the City of Red Bluff received any funds for the damage to the crosswalk signal?

Ms. Kampmann stated that the repairs have to be completed prior to receiving any funds for the damages.

Councilmember Eyestone reported that at the intersection near the Guadalajara Restaurant is unsafe. She has almost been hit while using that crosswalk in the past. All of the intersections around the old courthouse on Washington Street are unsafe as well. She would like to see people utilize the stop light controlled intersections. Another option would be having a crossing guard available during busy hours.

Ms. Kampmann mentioned that Caltrans may be modifying some crosswalks when they complete the re-striping project in 2020.

Councilmember Jones asked how long the current crosswalk signals have been there?

Ms. Kampmann affirmed that they were there for several years prior to the collision.

Councilmember Jones asked what the life span of the signals and lights in the center island would be?

Ms. Kampmann replied that they are not sure; however, the lights and signals would be covered by insurance.

Brittany Courner stated that the intersections in Red Bluff are very dangerous when they are not controlled by traffic lights. She feels that enforcing traffic laws would go much further to help make these crosswalks safer. She also asked about a large blinking light for the crosswalk.

Ms. Kampmann specified that the blinking lights are very expensive. They would cost about \$40,000.00 to have them installed. The lifespan is also not as long because they are used continuously.

RESULT: NO ACTION NEEDED

13. City Homeless Grant Award

Rick Crabtree, City Manager, presented the staff's recommendation that the City Council consider the various applications and award the grant funds to one or more entities.

Mayor Jenkins reported that they have decided to distribute the funds as follows:

Poor and the Homeless \$4500.00
Faith Works \$3500.00
Salt Ranch \$1000.00

Councilmember Eyestone asked if all of the organizations that submitted applications were present at the meeting to discuss what their plans were for the funds?

Mayor Jenkins reported that Solutions from Youth Fund was not present to discuss. That is the only reason they are not on the list to receive any of the grant funds.

Mayor Jenkins remarked that there are a lot of people working in the community with the homeless to get them off of the streets.

Scott Camp with Faith Works commented that the homeless count showed that 60% of the homeless had been in Red Bluff more than ten years. They have bought bus tickets for people who need to go out of the area.

Kathy Nelson stated that she has been told by some hotel owners that many people are coming in with the homeless. They are giving them money and clothing and they are not from around this area.

RESULT: ADOPTED [UNANIMOUS]
MOVER: Clay Parker, Mayor Pro Tem
SECONDER: Johnna Jones, Council Member
AYES: Jenkins, Parker, Eyestone, Deiters, Jones

14. Appeal of the Planning Commission Decision to Deny Use Permit No. 2019-01; to Increase the Capacity of an Existing Residential Care Facility from Six Persons to Fourteen Persons; 224 Ash Street; Assessor's Parcel Number 033-073-06.

Scott Friend, Community Development Director, presented the staff's recommendation that the City Council conduct a public hearing, consider all public testimony, the findings and conditions, and all information submitted with Use Permit No. 2019-01. Take action to deny or sustain the appeal of the Planning Commission's decision.

Mr. Friend stated that if this is approved the Use Permit will stay active even if PATH leaves the property in the future.

Councilmember Deiters asked if the Use Permit can ever be revoked?

Mr. Friend stated that if it is not utilized within one year it can be revoked. There is a lengthy process that can be followed to revoke the Use Permit, but it is complicated.

Rick Crabtree, City Manager, advised that if the owner was in violation of the Use Permit then the City of Red Bluff could go through the process of revoking the permit.

Councilmember Jones asked if there can be a timeline placed on the permit?

Mr. Crabtree informed the City Council that no timeline can be placed on the permit. Once it is issued it cannot automatically lapse; however, it can require a periodic review by staff.

Councilmember Eyestone asked if there is a specific list of items that the Use Permit requires?

Mr. Crabtree replied that based on the City Councils decision they will prepare a resolution for approval or denial. That resolution will outline specifics for the Use Permit.

Mr. Friend affirmed that any specific requirements not listed would default to what the City of Red Bluff's code outlines.

Mayor Jenkins opened the Public Hearing at 6:46 p.m.

E.C. Ross, president of PATH, stated that their Vice President Colleen Lewis will give clarification on the appeal and exactly what they are asking for.

Colleen Lewis, PATH Vice President, detailed that at the time this facility was opened they made several promises. These included that they would not ask for any additional funds and they would operate with positive finances. They have been able to achieve both of those goals. PATH now owns this building and they have an 85% success rate for keeping people off the streets. They would like to have the opportunity to provide these services to more people within the community. While PATH has been at the property they have done their best to ensure that they are good neighbors. That being said these people can be volatile; however, it is best that they are at the facility getting the help that they desperately need. It has been said that there have been over 50 calls for service to their facility. She would like to clarify that this is incorrect. There has actually been a decrease in police activity since the facility was established. When they have had incidents they have taken care of it immediately. There has only been one incident with a resident since 2017. It has been said that the car wash in that area was not happy with PATH being there. They have since talked with the owner and she has stated that she does not have any issues with the PATH facility. She also stated that if she did have an issue she would be the first one to go to PATH and discuss any issues directly with them. Ms. Lewis stated that no use permit in the City of Red Bluff has been denied since 2013 until now. They are trying to do the right thing by their community. Prior to PATH taking possession of the building it was a flop house that had many issues with law enforcement. The people who are housed by PATH have to adhere to certain guidelines and if they do not follow these guidelines they are removed from the program. She is asking the City Council to grant this Use Permit so they can continue to help get people off the streets.

Kathy Nelson remarked that this Use Permit needs to be denied. Most of the homeless people don't want help. Business owners are tired of cleaning up after the homeless. She stated that Tehama County is leasing homes for the homeless and this is becoming an issue. We need the homeless out of Red Bluff and not invite them to stay in our community. The facility that PATH is using is small and should not hold more people than they already have. She stated that the City of Red Bluff needs to have Tehama County employ two security officers to walk the streets at night to stop the homeless from sleeping in front of businesses. Other Cities are doing this and eventually the homeless leave because they are not made to feel welcome. She would like to see support for the local businesses rather than more rooms for the homeless.

Scott Camp asserted that all of the issues that they are having with the homeless is not a reason to deny these beds. The PATH program provides housing and beds for those individuals who want the help. This is a huge benefit for our community.

Kyle Sanders, Police Chief, provided call data about the address in question. There have not been a large number of police reports and calls for service at that residence. When looking at the reasons for the calls since December 2018 they have had a total of five incidents with two of them being medical and one being an accidental dial. One was a neighbor who reported that someone was knocking on their back door. The last one was a drunk female knocking on a front door, she was arrested. The year prior there were not many calls that were of concern. One incident was logged as the address, but the incident had nothing to do with the residents of the address and only took place through the alley way by the house. In 2018, four of the nine calls were for medical reasons. One was property damage from a collision that happened on the street. Once all of these calls are reviewed almost all of them are not regarding anything that is concerning the facility.

Gail Locke stated that she feels Ms. Nelson is discussing a different Clientele than what is accepted into the PATH program. They are talking about people who want to change their lives. If we want people off the streets then we need programs like this one that offers support and guidance to create functioning people in society.

Deanna Gee, Tehama County Health Services Agency, responded that transitional housing is a resource that is desperately needed in our community. This is one of the plans that the City Council adopted in 2018. This facility is for men who are not involved in the Criminal Justice system, but do have substance abuse that they struggle with. Transitional housing takes away barriers for those who need stable housing and who lack help to get back on their feet. Transitional housing helps to get people off of the streets and get the help that they need to manage their health and substance abuse issues.

Robert Jackson stated that PATH does a great job. They are requesting to go from six to 14 beds. That is a 130 percent increase. Is this something that they can accommodate? If this address can handle that number of residents then it will be a great asset.

Audrey Smith, neighbor, expressed that her fear is that going from six to 14 beds is a lot and could create an unfavorable environment. She would rather see them go to ten beds.

Brittany Courner stated that PATH is great and requesting 14 beds is not unreasonable. The fear is that the Use Permit permanently changes the address. If PATH leaves and another organization takes over then it could be a huge issue.

Mayor Jenkins asked if there is an in between on the number of beds that can be approved.

Mr. Friend reported that the facility is a 2400 square foot house with eight bedrooms and two bathrooms. The Planning Commission was concerned about the address because of the permanency of the permit. Restrictions cannot be placed on the permit for future owners; however occupancy limitations can be placed on the permit.

Allene Dering, PATH Board of Directors for 20 years, commented that the bedrooms are not small. They are large enough for two beds. PATH is open to that agreement and she does not see a problem with 11 beds in that house. That would mean four more people could be helped.

Councilmember Eyestone asked what the bedroom sizes are?

Councilmember Jenkins specified that she would like to know more specifics about the bedrooms.

Kathleen Smith asked why it is a concern if the property is sold. If it is not an issue now, then it should not be an issue at a later date.

Ms. Lewis affirmed that this is the same concern that the City of Red Bluff would have with any Use Permit. The bedrooms are adequately situated for the amount of beds that they are requesting. They will not be adding the full 14 beds immediately, it would be a gradual increase.

Councilmember Eyestone asserted that they would like to know the size of the bedrooms.

Mr. Ross responded that the bedrooms are about ten feet by twelve feet with some of them being larger.

Councilmember Deiters asked how much time people stay on average at the facility?

Ms. Lewis reported that some residents have been as quick as 30 days. The average is seven months with a maximum stay of 18 months. If they are not doing what they are supposed to do in the program then they will not be allowed to stay at the facility.

Councilmember Deiters asked if they are concerned with just having two parking spaces?

Ms. Lewis remarked that the parking spaces are not a concern. Most residents do not have a vehicle to drive.

Mayor Jenkins stated that she would like to see something that approves 11 beds now and then in a certain time line the City Council reviews the Use Permit for a total of 14 if the increase is successful.

Ms. Cournyer asked if this could be approved for ten beds and then increase by two beds every year for the next two years. They feel this is more of a reasonable approach.

Councilmember Eyestone voiced that she is concerned with 14 people and two bathrooms and a small kitchen.

Ms. Lewis summarized that the house monitor counts as one of the 14 residents. The two bathrooms will not be an issue. They have been using only one bathroom for a while without any issues. It is a much regimented program and the schedule is worked out. One of the bathrooms does have urinals as well.

Mayor Jones asked if one of the bathrooms has multiple stalls?

Ms. Lewis stated that the bathroom does not have stalls but two urinals are available in one bathroom.

Councilmember Jones confirmed that they currently have five beds plus the house monitor.

Ms. Lewis confirmed that yes they have five beds plus the house monitor.

Ms. Nelson remarked that she would like to see documentation outlining where the past 50 residents are currently residing.

Adam Zuccato stated that he was homeless in 2009 and was helped by a similar program in Redding California. If these programs similar such as PATH and transitional housing were not available, then he would not be off of the streets today. They are successful and do help people. If Red Bluff can help even three more people, it's a huge benefit to the community.

There being no further comments Mayor Jenkins closed the Public Hearing at 7:33 p.m.

Mayor Pro Tem Parker explained that when he read the minutes from the Planning Commission Meeting, he could not see how they came up with the denial. When they do the resolution, they will have a clause that says it cannot be detrimental to those in the surrounding area. He would be in agreement with going to the highest capacity allowed. He stated that it sounds like PATH and their neighbors are ok with 11 total beds with a review in one year for a possible increase thereafter if successful.

Councilmember Eyestone remarked that if they approved 11 beds then it would only be three less than the maximum allowed.

Mayor Pro Tem Parker responded that it might make all the difference and the neighbors are in agreement with the lower number.

Councilmember Deiters agrees this might make everyone happy with the one year revisit to possibly increase the number of beds.

Rick Crabtree, City Manager, asserted he would not like to see an automatic increase. A review in one year is completely reasonable.

Mayor Jenkins asked if the fees can be waived for the one year review?

Mr. Crabtree affirmed that the fees can be waived. In a year, another public hearing should be held with the full process of increasing the occupancy.

Mr. Crabtree confirmed that the City Council would like to direct staff to prepare the Conditional Use Permit for up to 11 persons with a one year review to possibly increase occupancy.

RESULT:	ADOPTED [4 TO 1]
MOVER:	Johnna Jones, Council Member
SECONDER:	Clay Parker, Mayor Pro Tem
AYES:	Amanda Jenkins, Clay Parker, Kris Deiters, Johnna Jones
NAYS:	Daniele Eyestone

15. A Resolution of the Red Bluff City Council Approving Variance No. 2019-01 to Construct a New Single Family Home to Replace a Partially Destroyed Uninhabitable Home Expanding the Original Footprint and Location and Determination of Ceqa Exemption; 826 Johnson Street; Assessor's Parcel Number 029-3

Scott Friend, Community Development Director, presented the staff's recommendation that the City Council approve Resolution 20-2019 allowing a Variance to Red Bluff Municipal Code Section 25.165 for the expansion of the degree of nonconformity for a destroyed and subsequently rebuild residential use at the property located at 826 Johnson Street.

Mayor Pro Tem Parker asked if Mr. Wise had come to the building department and submitted plans would those plans have been approved?

Mr. Friend responded that no, they would not have necessarily been approved.

Derek Wise, Property Owner, affirmed that they started the process for the permit. They drew plans and poured over the existing foundation so they could still have a rebuild permit. They were waiting on the Planning Department for approval. The Building Department and Fire Department had already approved the plans before they started construction.

Mayor Pro Tem Parker revealed that Mr. Wise is familiar with how this process works because he has built several structures within the City of Red Bluff.

Mr. Wise stated that he thought he had enough approval to go ahead and move forward with construction.

Mayor Pro Tem Parker remarked that no one in the neighborhood has voiced any issue with the new construction. If this was not approved would the house have to sit empty or be torn down?

Mr. Friend advised that if the property stayed as a residential property and was not approved tonight then yes it would have to sit empty. If it is utilized as a commercial property then the property could be used in that capacity.

Mr. Wise specified that looking down the block the building was set back six feet further than some of the other houses.

Councilmember Deiters confirmed that Mr. Wise submitted plans and did not hear back and did not have approval.

Mr. Wise affirmed that he had other approvals from other departments, but he did not have approval from the Planning Department.

Mr. Friend reported that the plans were distributed through all the departments for approval. When the Planning Department received the plans for review, their recommendation was denial due to non conformity of the property. The work proceeded and once Mr. Wise completed the project, the City of Red Bluff realized that it was not completely under permit.

Mr. Wise agrees they did not get full approval before moving forward with construction.

Councilmember Deiters asked if the house is intended to used for residential purposes?

Mr. Wise confirmed that the intentions were for it to be residential.

Councilmember Eyestone replied that she thought that the two options were to either tear down the property or approve the variance. Since then she was notified that the property can be used for commercial purposes. This is the third instance that this type of issue has happened were things were not followed as they should have been.

Mr. Friend stated that the planning department believes that they should approve this variance because the remaining neighborhood does match what he has done. He would rather that properties are not kept vacant and he is not in favor of tearing down the property.

Councilmember Eyestone voiced that the property meets requirements to be commercial so a tear down is not required.

Mayor Pro Tem Parker reported that the building department employees were onsite during construction. Why didn't they inform them to stop construction at that time?

Mr. Friend stated that they are handling the issue on a personnel level.

Mayor Jenkins revealed that a big part of her decision is that the building department was on site and they didn't say anything.

Councilmember Deiters stated that she does not want to set a precedence. She stated that she wants to see things go through the proper processes.

RESULT:	ADOPTED [3 TO 2]
MOVER:	Clay Parker, Mayor Pro Tem
SECONDER:	Amanda Jenkins, Mayor
AYES:	Amanda Jenkins, Clay Parker, Johnna Jones
NAYS:	Daniele Eyestone, Kris Deiters

16. Resolution No. 21-2019; a Resolution of the Red Bluff City Council Authorizing the Chief of Police to Sign an Agreement with the California Department of Corrections and Rehabilitation for the Use of the Red Bluff Police Department Firing Range.

Kyle Sanders, Police Chief, presented the staff's recommendation that the City Council adopt Resolution 21-2019 authorizing the Chief of Police to sign an agreement with the California Department of Corrections and Rehabilitation (CDCR) for use of the Red Bluff Police Department firing range.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Clay Parker, Mayor Pro Tem
SECONDER:	Daniele Eyestone, Council Member
AYES:	Jenkins, Parker, Eyestone, Deiters, Jones

17. Edward Byrne Memorial Justice Assistance Grant (JAG) FY 2019

Kyle Sanders, Police Chief, presented the staff's recommendation that the City Council authorize staff to submit the grant application for the FY 2019 Edward Byrne Memorial Justice Assistance Grant for the eligibility award of \$10,236.00.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Daniele Eyestone, Council Member
SECONDER:	Kris Deiters, Council Member
AYES:	Jenkins, Parker, Eyestone, Deiters, Jones

18. Certificate of Achievement Award from the Government Finance Officers Association (GFOA)

Rick Crabtree, City Manager, presented the staff's recommendation that the City Council acknowledge the Certificate of Achievement for Excellence in Financial Reporting that has been awarded to the City of Red Bluff by the Government Finance Officers Association (GFOA) for its Comprehensive Annual Financial Report (CAFR).

Sandy Ryan, Finance Director, announced that the next audit will begin on September 3, 2019.

RESULT:	NO ACTION NEEDED
----------------	-------------------------

STAFF ITEMS

Rick Crabtree, City Manager, stated that he is suggesting to call a special closed session in the next week regarding personnel issues.

Sandy Ryan, Finance Director, stated that Apex has come back with a different kind of an offer. The City of Red Bluff has to buy the licenses for the RIMS system. Apex will

change a server, which will decrease the cost so they will not need a supplemental appropriation for this item.

Ms. Kampmann stated that they will be moving goats from the airport property to across the street. There may be a police presence for traffic control during the move.

Councilmember Eyestone asked if the goats are a cheaper alternative to the manual abatement options?

Ms. Kampmann confirmed that it is a much more economic alternative.
