Discussion: Mayor Eystone suggested that the recommendation be as specific as possible. The recommendation should include the approximate value of the parcel. The recommendation should also be specific as to what equipment or upgrades the funds will be spent on. Miranda would like to the sale of the parcel to go out to bid to local brokerages. Torres suggested this be two recommendations.

Action: Miranda made a motion that the City Council would consult three brokerages that hold business licenses in the City of Red Bluff to obtain broker's opinion of the fair market value of the parcel. That City Council would choose who would sell the parcel based on the bids by the local brokers. MSC Torres/Phillips 3/0

4. Discussion on the Options and Benefits of Contracting a Third Party for Park Maintenance and Grounds Keeping:

Discussion: Miranda stated that she would like to explore the options of contracting out repetitive jobs like mowing or cleaning restrooms to a third party. This would free up park maintenance time to spend more time on bigger issues in the park.

Torres suggested the parks could partner with Social Services or Job Training.

Shaffer mentioned that Adopt A Park program might help too. Mayor Eystone stated that one of the issues delaying this program is a worker's compensation issue. Cobb stated that all volunteers for the City are covered under worker's compensation insurance.

Strole clarified for the commissioners where most of maintenance staff time is spent. He also expressed his frustration with the homeless situation in the parks.
