Director Henz reported on behalf of Cardan Aircraft Services manager David Underhill that AV Gas was up \$0.12 cents per gallon and Jet A fuel was down \$0.07 cents per gallon but Cardan's fuel price for Jet A remained the same and Avgas went up \$0.08. June's gross sales had an increase of 1148 gallons against the month of May.

3.2 Airport Restaurant

Director Henz requested input on the Semingson restaurant relocation presentation from the last airport commission meeting.

Chamblin thought the architect explained the drawings well.

Schmid requested updates on the restaurant budget as the project progresses.

Moore inquired how long it would take to complete the project once it begins.

Schuler asked what the start date of the construction part of the project would be.

Wulfert said he was impressed with the information given considering the early stage of the design process.

Director Henz explained the project stage the architect is in and promised he would have a formal presentation at the next meeting. He said he expects the construction stage of the project shouldn't take more than a couple of weeks and is coordinating a start date with the restaurant owner and Tehama County Environmental Health.

Comments

Fereira said there has been some improvement with Iasco Flight School communications because he has noticed the instructors are doing most of the talking on the radio.

Chamblin appreciated Rob Schmid for his advocacy of the Red Bluff Airport.
