THE CITY OF RED BLUFF IS AN EQUAL OPPORTUNITY EMPLOYER

Gary Walker, Cardan Aircraft Services, reported that the south hangar tenants were using Cardan's dumpster and requested that the City place a dumpster for their use along with a port-a-restroom.

Walker reported that pilots were washing their aircraft in front of the Cardan hangar because the aircraft wash rack was inoperable.

Commissioner Schuler requested the wash rack repair be added to the next agenda.

3.2 Airport Capital Improvement Program (ACIP)

Scott Miller, Associate Engineer, reported the ACIP has been completed and submitted to Caltrans Aeronautics, which is mandatory for grant funding. He informed the Commission of what was listed on the ACIP. The entitlement funds were pushed to the next fiscal year because there are no projects scheduled for this year.

4. Old Business

Scott Miller, Associate Engineer, announced The Door Company contract had been fully executed and the contractor ordered all of the materials and is waiting for the rain to stop before starting the project. If you have trouble with your card, go to City Hall for a new card.
